

EUROPEAN UNION (EU) TRADE WITH AFRICAN, CARIBBEAN AND PACIFIC COUNTRIES (ACP) -Results until June 1993-

PART I. EU TRADE BALANCE VIS-A-VIS THE ACP AND CLASS 2 COUNTRIES

EU TRADE BALANCE WITH ACP

1. EU's trade surplus with the ACP countries was about 1,3 billion ecus in the first two quarters of 1993. The corresponding quarters in 1992 show a deficit of 1,6 billion ecus. This change is mainly due to a reduction of the EU imports from these countries with 28,2%. The EU cover ratio (exports over imports) with the ACP countries was 119,5% during this period and 158,1% when considering non-oil trade.

2. EU's trade balance with Class 2 countries showed a surplus of more than 9,5 billion ecus in the first two quarters of 1993. The corresponding period in 1992 showed a surplus of 1,2 billion. This change is due both to the increase of EU exports (+6%) and to the decrease of imports (-5%). The EU cover ratio with Class 2 countries was 113,8% for the first half of 1993, with the oil trade excluded the exports covered 148,9% of the imports.

PART II. EU IMPORTS FROM THE ACP AND CLASS 2 COUNTRIES

EU IMPORTS FROM ACP

1. EU imports from ACP countries experienced a decrease of 26,8% in volume and 28,2% in value to 6,9 billion ecus in the first six months of 1993, compared to the corresponding period of time in 1992.

2. EU imports of fuel (SITC 3) decreased by 43,2% in volume and 42,7% in value terms between 1992 and 1993 (first two quarters). Imports of these products represented about 26% of total EU imports from ACP (measured in value). EU imports of food, beverages and tobacco (SITC 0+1) and raw materials other than fuels (SITC 2+4) went down 5,9% and 14,3% respectively. EU imports of manufactured products (SITC 5-8) went down by 38,5% in value to 1,5 billion ecus.

3. EU imports from Class 2 countries went down 5,1% in value (5,9% in volume) to 69,1 billion ecus during the first six months of 1993. EU imports of manufactured products (51% of total EU imports from class 2 countries) increased by 1,0% during the same period of time, while EU imports of fuel decreased by more than 10% in value.

PART III. EU EXPORTS TO THE ACP AND CLASS 2 COUNTRIES

EU EXPORTS TO ACP

1. The value of EU exports to the ACP countries was 8,2 billion ecus in the first half of 1993, some 2,4% higher than for the corresponding period in 1992. In volume terms this makes a 0,3% increase.

2. The volume of exports to Class 2 countries was up 9,9%, while the value increased by 6,2%.

3. Manufactured products (SITC 5-8) accounted for 80,6% of EU exports to the ACP countries and 84,3% to Class 2 countries. EU exports of these products to Class 2 countries increased by 7,5% in value and 9,0% in volume during the first two quarters of 1993 compared to the same period of time in 1992.

4. EU exports of food, beverages and tobacco (SITC 0+1) to the ACP countries increased by 1,5% in volume. (Due to lower ecu export prices, the value decreased by 2,1%). The exports of these products to Class 2 countries showed an increase by 3,9% while the volume increased by 13,4%.

PART IV. EU-ACP TRADE BY PARTNER COUNTRIES

1. During the first six months of 1993 the EU experienced its most important surplus with West Africa (802,8 million ecus), mainly because of a big surplus in the trade with Liberia (+397,2 million ecus). The EU surplus with Central and South America went up to 493,4 million

ecus. By individual ACP countries, the trade surplus with Bahamas was 568,9 million ecus. The biggest EU deficits from January to June 1993 were kept with Ivory Coast (-333,2), Cameroon (-201,9) and Mauritius (-150,3).

PART V. EU-ACP TRADE BY MAIN PRODUCTS

1. The degree of concentration of EU imports from ACP went down during the first six months of 1993. Eight products were required to cover half of total EU imports from the ACP countries (five were required for January-June 1992).

2. EU imports of crude petroleum from ACP countries went down 41,0% to 1,8 billion ecus during the first six months of 1993, compared to the corresponding period in 1992. Crude petroleum represented about 26% of total imports from ACP, 8,6% of total extra EU imports of this product came from ACP countries.

3. EU imports of unsorted diamonds increased by 22,0% in value between January-June 1992 and 1993, other increases were registered for tunas, skip jack and bonito (+16,7%), black tea (+8,5%) and aluminium oxide (+7,4%).

4. Non industrial diamonds decreased by 89,3% in value. Products that decreased most after non industrial diamonds were copper products such as: refined unwrought copper, unrefined copper and bars refined copper. Those products decreased with between 53% and 67% in both value and quantity when compared with the first half of 1992.

5. Imports of cocoa beans from the ACP countries represented more than 90% of total EU imports of this product. Ivory Coast and Nigeria were the main exporters. 99,1% of total EU imports of tropical wood and more than 75% of EU imports of raw cane sugar came from the ACP countries in the first six months of 1993.
